Youth Tells Guilt in Plea In Indio Court

Parole Possible
Within 10 Years
Under Sentence

Gerald Simonds, alias David Schultz, 21-year-old murderer of Ralph Fred Niess, changed his plea from "not guilty" to "guilty" and was sentenced to life imprisonment yesterday by Superior Court Judge Hilton McCabe in Indio.

Following the changing of his plea Monday morning shortly after his trial opened, Judge McCabe dismissed persons who were called for jury duty, and then asked Simonds to enter his plea himself. In a quiet voice, the youthful murderer said that he was "guilty of murder in the first degree."

To this plea, the judge asked Simonds if he knew that it carried no chance of probation, and that it carried a punishment of either death in the gas chamber or life imprisonment, and Simonds answered, "yes, sir."

Court was then recessed until 2 p.m., at which time District Attorney William O. Mackey and Public Defender Scott Dales presented evidence on which Judge McCabe fixed the sentence.

IN STIPULATION of the public defender, the district attorney entered the transcript, pictures and physical evidence presented at the preliminary hearing in Palm Springs early in September, from which Judge McCabe made his decision. This is the first time in the three years that McCabe has been on the Superior Court Bench that he has been faced with the possible sending of a man to the death chamber.

Briefly, the testimony presented by the district attorney was highlighted by a "confession" told by Simonds to Deputy Sheriff Carroll Vogelaar who related it on the stand at the preliminary hearing. He told how Simonds, who had tried again and again to kill the hitchhiker, finally stabbed him, placed his body in the back seat of Simonds' Dodge sedan, pushed the car over a cliff high on the Palms-to-Pines highway and burned both the vehicle and the body. Simonds admitted that he had intended that the burned body would be identified as his, and in that way escape worrisome debts.

PUBLIC DEFENDER Scott Dales appealed to the court not to give the youth the death penalty, saying that there were four basic reasons for punishment: (1) retribution and revenge; (2) a deterrent to others; (3) protection of society; or (4) rehabilitation and reform. He evaluated to the court each of these reasons, and substantially claimed that any but the last two would not serve as justice, and the most could be accomplished by life in prison.

Dales constantly brought the youth's age into the argument, and told the court that if the boy was only a few years younger, the

Police Arrest 39 Florida Youths In Crackdown

ST. PETERSBURGH, Fla. (AP)—Juvenile authorities said today "fantastic" plans for crimes had been revealed with the arrest of teenagers in a crackdown on gangs of young hoodlums.

Four more high school boys were arrested Monday. In the past two weeks 39 boys, ranging in age from 13 to 16, have been apprehended by authorities.

Officials said crimes planned included an elaborate scheme for wrecking a passenger train by using skeleton switch lock keys to switch the train to the wrong tracks.

The officers said most of the boys told of crimes dating as far back as seven years and thefts which run "into the thousands of dollars."

Proposed Purchase of City Water Company Brings Council Argument

A discussion on a proposal to purchase the Palm Springs Water Company by the City of Palm Springs was aired at a meeting of the City Council yesterday noon, and left the members of the council more or less split on even taking further exploratory steps in the matter.

Mayor Florian Boyd said that Harold Hicks, head of the company, said that he did not want to sell the company, and added that he for one was definitely opposed to the City of Palm Springs going into the domestic water business.

He told the council members that he would do everything in his power to block the purchase, "even if I weren't on the council."

The subject was brought up at the meeting as an aftermath of an earlier session at which a representative of the J. B. Hanauer Company told the city that they could better control a sewer system if they also controlled the local domestic water supply. Sewer charges can be made along with water charges, and if the sewer charges were not paid the water service could be stopped.

Advisory Planning Group Discusses Highway 111, Sanitation, Billboards

A variety of items, all vital to the welfare and growth of the Coachella Valley, attracted one of the largest turnouts in recent years to the regular monthly meeting of the Coachella Valley Advisory Planning Committee at the Hotel Indio in Indio last night.

Discussed were: Improvement of Highway 111, restrictions on billboards along roadways, a new water act which requires filing of the amount of water extracted from the ground, sanitation district, litter signs on the highway, off-street parking law for unincorporated areas, homestead structures.

Approximately 50 persons were in attendance, representing the chambers of commerce of Desert Hot Springs, Palm Desert, Cathedral City, Coachella, Indio, Thousand Palms and North Palm Springs; the Cities of Palm Springs and Indio; Mecca city council; Riverside county planning commission and board of supervisors, Coachella Valley Farm Bureau, Coachella Valley County Water District, Coachella Valley Mosquito Abatement District, Zone 6 Flood Control District, and Desert

Hot Springs Improvement Association.

FOLLOWING A REPORT by Clarence Washburn, mayor of Indio and chairman of the CVAPC road committee, in which he recommended that Highway 111 be improved as soon as possible, it was disclosed that the state has been working on possible plans since a meeting with the county planning commission, and that a meeting of all interested parties would be called in the near future to discuss these plans with state officials.

Additional Legal Action Planned On Lienau Village

City Manager R. W. Peterson said yesterday that City Attorney Jerry Bunker is taking legal steps to allow the city to remove or demolish the buildings left on the Lienau Village site.

After months of waiting by the city, and nothing being done about the buildings, the city has taken steps to remove the eyesore.

The Palm Springs Board of Education has filed a letter with the city asking for removal of the buildings because of their nuisance factor, being so close to the high school.

California's Attorney General Edmund G. Brown's office is currently suing Tamarisk Country Club for failure to remove some buildings that it reportedly purchased and then, because of county building codes, was unable to move to the Tamarisk site.

Peterson said today that any action that the city takes now will not affect either side in the current suit brought by the State Housing Authority through the attorney general's office.

New Federal Savings Loan Given Charter

Office To Open Within Week, Group Reports

Charter of the First Federal Savings and Loan Association of Palm Springs has been received from the Federal Home Loan Bank Board and offices of the new Federal savings and home financing institution will be opened within the next 10 days.

News that the charter had been granted was made known yesterday by Oliver B. Jaynes, chairman of the group which 18 months ago petitioned to organize the Federal association here.

Others who form the organizing group are William C. Tackett, Charles Farrell, Andrea Leeds Howard, Percy Whiteside, Frank Bogert and Charles Becker. They will be nominated as directors of the association at a meeting of the members within the next few days. The directors will elect the officers, after which the association is qualified to open savings accounts of members.

Over 400 residents have pledged to open savings accounts in First Federal Savings, Jaynes said, for a total of over \$500,000. These accounts of charter members of the association will be received as soon as the offices are opened.

MUCH INTEREST has been shown by residents and business firms in the area in the prospects of having a Federal savings and home financing facility here. The organizers obtained governmental permission to proceed with formation of the association last July, following a public hearing held in Washington, D.C., a year ago.

The institution is authorized to make loans on homes located within a radius of 50 miles of Palm Springs. Savings accounts may be opened by anyone, regardless of where they live. The association is a member of the Federal Home Loan Bank System.

Work has been under way for some time on offices at 400 South Palm Canyon Drive, in the new building next to Thrifty Drug. It is being equipped with the latest furniture, fixtures and business machines used by financial institutions, and will be cooled by refrigeration. Much of the furniture and equipment has been specially designed for the association.

Court Order Halts Oasis Picket Action

State Leaders Deny Knowledge of Latest Move

A temporary restraining order against the pickets at the Hotel Oasis was signed today by Superior Court Judge Hilton McCabe, on the request of Palm Springs Attorney Arnold Rumwell, representing the Multnomah Operating Company which does business as the Hotel Oasis.

The order restrains Local 535 of the Culinary and Bartenders Union from picketing at the Oasis Hotel, where the union reportedly made an agreement on May 4 to hold a secret ballot election to determine if the majority of employees of the hotel want a union shop. If the vote, which has not been taken is conducive to a union shop, a contract with the union will then be made.

Attorney Rumwell presented to the court an affidavit signed by Dewey Metzendorf stating that Pete Rees, secretary of the Culinary and Bartenders Union, approached him the day before Thanksgiving and said that since the City of Palm Springs has a Right-to-Work Ordinance, therefore Metzendorf is anti-labor and they would not pay any attention to the agreement so Metzendorf would "have to sign a contract, or else."

On the persistence of Metzendorf that the agreement should be fulfilled, pickets were installed in front of the hotel Thanksgiving day, and remained until today.

THE COMPLAINT in the name of Multnomah Operating Corporation, against the Los Angeles Joint Board of Hotel and Restaurant Employees Union, Culinary and Bartenders Union 535, Louis J. Rees, secretary of the local 535, and 29 John and Jane Does and Black and White Corporation, demands a permanent injunction and damages for breach of agreement.

Early today the pickets were served with the restraining order and left from in front of the hotel. Walter Cowan, secretary of the Los Angeles Joint Board, told The Desert Sun today that he and John Cooper, president of the Board, acted as mediators in the dispute between the Oasis Hotel and Local 535, and after a long talk the agreement to hold an election was signed.

COLD, SNOW CHILL EAST, TO CONTINUE

By UNITED PRESS

Cold air chilled a large section of the nation today as more snow was forecast for the Northeast.

A heavy rain and a foot of snow struck the Northeast Monday. Heaviest hit areas were sections of Vermont, New Hampshire and Maine.

Weathermen said the new snow, mostly light and generally only flurries, would fall from Maine southward through West Virginia.

A cold air mass covered the east portion of the country from New Mexico and Texas to the Great Lakes and eastward to the Atlantic Coast. A general drop in temperatures occurred in the area with the most noticeable taking place in Oklahoma and Arkansas southward through Texas and Louisiana.

UN Requested To Investigate Arms Build-Up

UNITED NATIONS, N. Y. (AP)—India's V. K. Krishna Menon asked Secretary-General Dag Hammarskjöld today to obtain immediate assurances from France that it is not reinforcing its forces in the Suez Canal Zone.

Krishna Menon made the request after Egyptian Foreign Minister Mahmoud Fawzi read to the U.N. General Assembly a press report that French tanks were being landed at Port Said in violation of the world organization's repeated demands for the withdrawal of British, French and Israeli forces from Egypt.

"I ask leave to read a cable I have now," Fawzi said, "which says that the French Defense Ministry spokesman in Paris today refused to confirm or deny this press report." He attributed the Paris cable to United Press.

The dispatch in question quoted a report in the Socialist Daily Herald in London that a "complete French tank regiment" had landed at the northern end of the canal. The paper said it was part of a "huge Anglo-French buildup."

Knowland Urges UN Ban Russia

ST. LOUIS (AP)—Sen. William F. Knowland R-Calif. said Monday the Soviet Union should be expelled from the United Nations until Russian troops leave Hungary.

The Senate minority leader also proposed an armed emergency U. N. force ready to "act in 24 hours, not 24 days."

Knowland outlined a program to curb Russian actions in Hungary before 1,500 mayors gathered here for the American Municipal Congress.

He said, "nations can die in less time than delegates can talk. I don't want this country's freedom to depend on long debates in the United Nations."

Cooper to Attend CD Road Meeting

James Cooper, manager of Palm Springs Chamber of Commerce will accompany a group of desert area residents to Los Angeles tomorrow to attend a Civilian Defense meeting called for 10 a.m. in that city.

Main item on the agenda for the local group will be the proposed extension of Highway 111 from Niland to Yuma.

The value of the highway to Civilian Defense will be emphasized by the desert delegation. The proposed road, opposed by Imperial county communities to the south, is 36 miles shorter from Los Angeles to Yuma than the present route, its adherents point out.

Second Disaster This Year for Line, First Claimed 74

CARACAS, Venezuela. (AP)—A Venezuelan four-engine Constellation airliner en route from New York to Caracas crashed into a mountain 10 miles from a safe landing here today. Airline officials said all 25 persons on board were killed.

The plane left New York's Idlewild International Airport Monday night. It was due at the Caracas Maiquetia International Airport early today.

But it hit a mountain peak in the Naiguata Range, 10 miles north of Caracas, as it came in for a landing in rain and a thick overcast.

OFFICIALS OF LAV, Linea Aeropostal Venezolana, in New York said the Constellation carried 18 passengers and seven crewmen. The passengers included 10 Americans, six Venezuelans, a German and a Cuban.

It was raining and there was low overcast at Caracas as the plane was due. But officials said the weather was not considered "dangerous" for flying operations.

When the aircraft failed to arrive on schedule, LAV put out an air alert. Later, it was reported the plane hit a peak in the Naiguata Mountain Range 10 miles north of Caracas.

THE U.S. COAST Guard in New York and San Juan, Puerto Rico, said the plane sent out an international distress call today. At that time, the plane gave its position as over the Caribbean Sea 35 miles northwest of the Maiquetia Airport at Caracas.

The Coast Guard said an amphibious plane from San Juan, a Navy plane believed to be from Trinidad, a privately owned Venezuelan DC3, and two Royal Netherlands Air Force planes from Curacao were sent to the area to make a search.

The LAV operations office in New York said the 18 passengers included two infants.

The disaster was the second this year for the Venezuelan air line. An LAV Super Constellation fell flaming into the Atlantic Ocean June 21, 32 miles east of Asbury Park, N.J., killing all 74 persons aboard.

Tommy Dorsey Death Accidental, Caused by Choking, Doctor Says

GREENWICH, Conn., (AP) — A medical examiner ruled today that bandleader Tommy Dorsey, the "sentimental gentleman of swing," accidentally choked to death in his sleep.

Police and Dorsey's family denied there was any mystery surrounding his death Monday in the locked master bedroom of his \$130,000 home. He died just two days before he was due to appear in court to reply to his third wife's divorce suit.

Medical examiner Dr. C. Stanley Knapp said after an autopsy the 51-year-old musician threw up while he slept, and food lodged in his windpipe and lungs.

POLICE WHO WERE called to the 23-room house after Dorsey's fully clothed body was found by Vincent Carbone, his booking agent, agreed with the medical examiner's findings. They said there was no evidence of foul play, and nothing to indicate that Dorsey took his own life.

However, Knapp said Dorsey's vital organs will be sent to the state toxicology laboratory in Hartford, Conn., for analysis.

An empty bottle, which Mrs. Jane Dorsey had said contained her husband's sleeping pills, was found in a bathroom adjoining his bedroom.

The Dorsey brothers' band played as usual Monday night in the Cafe Rouge at the Hotel Statler in New York. But the trombone player's equally famous brother, Jimmy Dorsey, was in seclusion. Lee Castle, a trumpet player, directed the band.

NATO Remains Strong Despite Mideast Trouble

AUGUSTA, Ga., (AP) — The White House said today that differences between the United States and Great Britain and France over the Mideast situation should not be regarded as "a weakening or disruption" of a great and historic alliance.

The White House statement, designed to shore up shaky relations between this country and the Western Allies, was issued at President Eisenhower's vacation headquarters here after the chief executive conferred by telephone with Secretary of State John Foster Dulles in Key West, Fla., and Acting Secretary Herbert Hoover, Jr. in Washington.

DULLES WILL come to Augusta next Sunday for a first hand review of the international situation with Mr. Eisenhower, preparatory to Dulles' departure for the NATO Ministerial Council meeting in Paris Dec. 11.

The White House also reported today that the Iraq request for U.S. assistance against a reported Soviet arms buildup in Syria was before the President for consideration and discussed by the chief executive this morning with Dulles and Hoover.

Press Secretary James C. Hagerty also announced that Sen. John Sherman Cooper R-Ky., former ambassador to India, would leave for New Delhi Nov. 28 for talks with Indian Prime Minister Nehru preliminary to Nehru's visit to this country starting Dec. 16.

AFTER ANNOUNCING Dulles would confer with the President here Sunday, Hagerty said that the President regarded NATO as "a basic and indispensable element of American defense alliances against the continuing Soviet Communist threat to the peace and security of the world."

This seemed to be an obvious answer to a recent proposal by Soviet Premier Bulganin that the NATO organization should be broken up. Bulganin made this suggestion in a message to Mr. Eisenhower proposing a limited discussion of the President's "open skies" disarmament plan.

Mr. Eisenhower today went to his small office on the second floor of the professional's shop at the Augusta National Golf Club to receive overnight, confidential reports on the international situation.

ADVISORY

The planning commission had requested early action so that proper setback zoning could be instituted as soon as possible, and thereby avoid delay of acquisition of rights-of-way at later dates.

Washburn and his committee also urged that a railroad crossing be placed on Avenues 60 and 62. Claude Cobb, chairman, and Frank Hamerschlag, public works director for the City of Palm Springs, member of the Sanitation District committee, reported that tentative boundaries have been established and a decision is now being reached on the best possible procedure to follow in the district's establishment.

L. C. LEWIS, county planning commissioner, questioned the advisability of establishing a district when the county has set a precedent in this matter by paying all costs and Supervisor George Berkeley advised the group not to stop until a site was selected. He commended them for being "far sighted enough to do something on your own rather than wait for the wheels to turn slowly in Riverside."

Ted Smith, CVAPC president, urged each member to have its organization write to the county authorities in regard to banning or regulating billboards on highways, and the off-street parking law for unincorporated areas which has three times been defeated by the supervisors, and to the state urging that more signs be placed warning of littering the roadways.

Lloyd Loveland of Indio, county planning commission member, said that his group would welcome letters in regard to billboards, adding that "nothing would make us happier than driving to the Valley and being able to see some of it."

Regulating billboards though can only be accomplished through zoning of land adjacent to the highways, it was added.

City Council To Reorganize Humane Dept.

City administration is today considering the reorganization of the Humane Department of Palm Springs, with the hiring of additional personnel and the placing of the department under the jurisdiction of the police department.

Another man will be hired as humane officer, making the total two, and Don Mueller, present humane officer, will be raised two salary steps and will act as department head.

Previously, the department was directly under the supervision of the city manager, but because of the nature of the department, and the fact that all calls are cleared through the police department, the jurisdiction will be changed.

If the two step raise is granted by the city council Wednesday, the humane officer's salary will be increased from \$303 to \$335. Starting salary for the position is listed as \$274 per month.

HE ADDED THAT he "would investigate the situation immediately, even though we have no jurisdiction in the area except that we acted as mediators in the dispute. All I know is that the San Bernardino Local has authority to picket only two places (Desert Inn and El Mirador) and I know of no Oasis Hotel pickets."

Tom Pitts, president of the California State Federation of Labor, said this morning that he would also investigate the situation "since the Palm Springs situation does concern the matter of policy of the State Federation."

He had not been informed of the Oasis picketing, and said that he would look into the situation. Pitts said that the policy of the Federation was "to give assistance to unions who want to sign up businesses in Palm Springs, and, now, to fight the city's Right-to-Work ordinance."

Five Ordinances To Be Considered By City Council

Palm Springs City Council will meet Wednesday night in the council chambers at the city hall, and up for passage are five ordinances, affecting the city code.

The ordinances include the retirement plan for the employees of the City of Palm Springs; a parking meter law amendment; a building code amendment which requires two rest rooms in restaurants; a zone change for property located on the north side of Racquet Club Road and Palm Canyon Drive from R-1a to R-2; and a salary adjustment which is actually under the retirement program calling for a two-step raise for city employees.

In order to pass the salary adjustment ordinance, it will be necessary for the city to appropriate \$35,000 out of the unappropriated reserve in order to cover the salary increase.

Appreciates Support

A letter was received by city council this week from the Palm Springs Historical Society expressing appreciation for the city's support of the Founders Day Picnic held at Tamarisk Park on Nov. 18.

Federal Savings Charter

LARRY KIRWAN has already been named as general manager of the association. He was for nine years on the staff of Coast Federal Savings of Los Angeles, largest Federal savings and loan association in the United States.

"We believe that this Federal savings and loan institution for Palm Springs and the surrounding area will help greatly in meeting the needs of this growing resort and agriculture empire," Jaynes said. "The organizers were convinced that there was a need here for this additional home financing facility as shown by the comprehensive survey that we made before applying for a Federal charter."

"We are, of course, very happy that the charter has now been granted so we can begin soon to

carry out the objectives of the association—which are to promote thrift by providing a convenient and safe method for people to save and invest money, and to provide for the sound and economical financing of homes in the area."

Board of Trade Protests Joshua Tree Land Grab

Riverside County Board of Trade has issued a "strenuous protest" by resolution to the proposed acquisition by the federal government of some 10,838.5 acres of land inside the Joshua Tree National Monument.

The board, pointing out that the taking over of the land by the government would result in serious tax loss to the county, requested that the United States withdraw, dismiss and permanently abandon any proceedings for the removal of these taxable lands from their present status.

'True Sacrifice,' Its Meaning, Told By Rev. Grimstad

"True sacrifice must come from one's need, not one's abundance," declared Duane Grimstad, pastor of the Seventh-day Adventist Church here last Saturday.

Speaking on the meaning of sacrifice and the purposes advanced by a sacrificial life, the pastor pointed out that except for the sacrifices made during the past three wars, Americans hardly know what true sacrifice is.

Mr. Grimstad expressed the belief that a real sacrifice must come from the heart, and added that the greatest sacrifice a person can give is himself. "To give oneself to a great cause is the greatest possible sacrifice a human being can make," he said, and went on to point out that the greatest cause for which a man

can sacrifice is Christianity.

"Christ is the only answer to the world's needs and we as individual Christians must learn to sacrifice our time, talents, material

assets and our very lives in the service of this greatest of all causes," he concluded.

COUNTY REDISTRICTING

If many of the huge recreational and industrial developments now being planned in the area between Palm Springs and the Salton Sea come into being within the next two or three years, this will become the most rapidly growing area in the Southwest. Large purchases of land are known to have been made in the past several months. Many have announced extensive plans for hotels, golf courses, large subdivisions and new industrial sites.

Principal in a number of the large land purchases are still unknown, but rumors are flying thick and fast. There is so much activity that no one agency is able to keep up with all of the transactions. But one thing is certain; many men who are used to doing things in a big way have bought property in the Valley, and not for speculation but development. There isn't any doubt in the opinion of people who have been following the trend closely that big things are in store for the whole area. They believe that a great era of development for this section is just around the corner.

The continued rapid increase in population of Southern California and the resulting crowded conditions along the coast are cited as reasons why this area with its climatical advantages is bound to grow and prosper. The trends toward shorter working hours, more leisure time and earlier retirement are also factors which will bring more and more people to the desert. Keen observers see this.

Needed Reform

In the near future this section of Riverside County will be paying more than half of the expense of running the county government. Yet this area still has only one representative on the five-man Board of Supervisors. And this one supervisorial district goes all the way from San Geronimo Pass to the Colorado river!

MIKE CONNOLLY:

Darryl Zanuck Goes to London

HOLLYWOOD — His pals are prodding Monty Clift to check in at Menninger's Clinic for a spell. Guy's been a wreck since he finished "Raintree Country" for M-G-M. . . . Producer Darryl Zanuck, who has never directed before, will direct the London sequences of "Island in the Sun." Reason: It's behind schedule in the British West Indies, where Robert Rossen is directing a cast including Harry Belafonte, Dorothy Dandridge, Joan Fontaine, James Mason, Joan Collins and Mike Rennie. Now THERE'S a cast!

The Anatole Litvak-Mike Todd-William Wyllie gin rummy sessions are now up to 20 cents a point. Wow. . . . This is the London Telegraph's headline over its review of Marilyn Monroe's performance in "Bus Stop": "The Lady's Not for Roping."

Russian ballerina Ulanova went out of her way to meet Greta Garbo in London, as who would not? . . . During a discussion of a flop show, Monique Van Vooren said, "The actors were trying to reach the audience and the audience was trying to reach the exit."

CHARLES LAUGHTON will play the role originated by the late Francis L. Sullivan in the Arthur Hornblow-Billy Wilder movie version of "Witness for the Prosecution." Una O'Connor will be the only one from the original show in the movie. . . . The studios are interested in making a movie based on the life of the late Chicago-born songwriter, Victor ("Sweet Sue," etc.) Young. . . . Arlene Dahl says she KNOWS that scandal magazine's story about her husband is wrong because Fernando never wears pajamas. . . . Hollywood's Purple Onion opened an adjunct called The Scallion Room. Some friends here flung a fling for Sharman Douglas, Princess Margaret's chum, but forgot to tell Sharman. So the guest of honor never showed. Somebody mumbled, "Maybe they've recalled her to the Court of St. James because of the Suez crisis!" . . . At Ciro's, Estelita is imitating Jimmy Durante, Lena Horne, El-

vix Presley and Sophie Tucker in Spanish these nights — Verree Fennee!

Frances Faye's take at Ciro's, opening this weekend (Nov. 30) will be \$3,250 a week for four weeks, her top salary to date — plus another \$300 weekly for the crazy-drummin' Jack Costanzo Trio. . . . Betimes, Josephine Frenchie, of the Who's-Got-the-Melody school, has inherited Miss Faye's berth at the Interlude, also on the Sunset Strip. I went to Josephine's opening. Sepia singer, wearing a white-fringed outfit, belts out "The Adam and Evil Blues" and "Beat Me, Strike Me" (or "The Mickey Spillane Blues") and, believe me, as the hip set says, she's Too Much for Talkies.

T V Topics — Johnny Green's new album of "Johnny Evergreen Songs" provided the background music for the Jack Benny's party for Johnny in the Sun Lounge at the Beverly Hills Hotel — a soiree that started slowly but that really swung when the stop-clause struck!

Among the swingers being Bill and Brenda Holden, Fred Astaire, Gloria and Buddy Bregman, Peggy King and Andre Previn, George Burns and Gracie Allen. . . . Also Ann Rutherford and her spouse, RKO chief Bill Dozier, just back from Japan, where, Bill informed me, the steam baths are the Most. Matter of fact, Bill said he's gonna write a book called "Clean Around the World!"

JACK WEBB SHELLED out \$25,000 for screen rights to "Death in a Sand Flea," poignant drama recently telecast on NBC-TV's Kraft Theater, and his Mark VII Productions will produce it for Warner Bros. Webb, as the Marine drill instructor, will not only star in the film but will direct as well.

Jack Wrathe, whose production company is responsible for the teleseries, and his mate, Bonita Granville, will toss a wingding for the cast and crew of "The Lone Ranger" Friday (Nov. 30) at the Disneyland Hotel (another of Wrathe's projects)

It is high time that something is done about supervisorial redistricting in Riverside County. If it is true that the Coachella Valley is on the verge of a vast development program—which now seems certain—a great deal of cooperation must be secured from the County Government. Certainly more than we have had in the past.

Experience has shown that redistricting isn't going to be easy. All previous efforts have failed. It's going to take a concentrated effort on the part of all interests on this side of the mountain to bring about this much needed change. And now is the time to start an all-out effort for better representation in the county government.

From the Lake Worth (Fla.) Herald
One would hardly be out of line to say that 90 per cent of all traffic accidents are the result of carelessness—oftimes criminal carelessness—on the part of one or both drivers involved.

From the Marion (Iowa) Sentinel
This writer used to work a 48 hour week on the section for \$18. Now a section man gets this much in little over a day. The union can get much of the credit for this. . . . TV commercials
Of make me weary,
Detergents, razors
And, Oh, so bery.

At that, I wouldn't mind them so much for some as entertaining—the first time. It's that the sponsors apparently go on the theory that most people are a bit hard of hearing.

You have your set tuned down nicely so that you can hear the dialogue, play by play or blow by blow with ease but still not make your neighbors gnash their teeth, when, whammo, suddenly comes the commercial, many decibels higher than the program.

SO WHILE your neighbors may have to strain their ears to hear who scored that touchdown, they are in no uncertainty about what makes your whiskers stand up to be nipped below the bud. Oh, I know we have to have the face cream with the facts but I wish they wouldn't be so insistent.

Then there is that background music. Sometimes it is foreground. Can't hear the sprightly dialogue. Something like the old time silent movies when the piano player trod the loud pedal and thumped hardest when the action got brisk.

SPEAKING OF NOISE, seems to me if city council can adopt a Right to Work law, they can legislate on noise. Pass laws against cut-outs on Sports Cars, ban horn blowing except in emergencies and order adequate mufflers on trucks.

Too many drivers step on the throttle and the horn simultaneously. Still am of the belief that the horn and the brake pedal should work together. Then when the horn-happy citizen toots people out of his way, his emergency brake will go on and he will bash his nose against the windshield.

It is especially obnoxious when, with apologies to Jack Benny, the horn blows at midnight. Many cities are taking action against unnecessary noise. And, remember, that a noted medical authority recently said that too much noise can be lethal. Anyway, it's filling up our asylums.

LIKE I SAY, little things worry me. Thinking about the time difference between here and Melbourne, Australia, for instance. The XVI Olympic Games brought that up. When it's noon here it is 6 a.m. tomorrow, over there. That's confusing enough but the seasons are different, too.

That's the real worry. Their Christmas is practically in the middle of summer. What does Santa Claus wear down there? A sun suit? And how can he wheel a sleigh in terrain as barren of snow as Palm Springs in June? Oh, well, guess I'd better let the kids in Melbourne worry about that.

THINK I'LL HAVE to get myself one of these little electric go-carts. Like the Golfmobile they see on local golf courses. Other resort cities are full of them. They roll along the streets to the accompaniment of shouts from peevish autoists: "Get over to the curb, you lout!"

They even have headlights, an idea for thrifty golfers who continue to search into the night for that lost ball. On the other hand, let's forget it. Gus Kettmann would be irked with me if Palm Canyon Drive was filled with those little buggies.

DR. BENJAMIN GOLDBERG
Protecting Eyes

It has not been an uncommon thing to find individuals who have had a piece of steel or other foreign body penetrate the eye, and cause the loss of one or both of these necessary organs.

Science, cooperating with industry, has devised shatterproof lenses for workers in industry with hazardous occupations. Not too long ago, such individuals who had suffered an accident to these shatterproof lenses, which if not worn would most certainly have destroyed an eye or both, formed a club, the Wise Owl Club.

In September of this year, a young mechanic's helper who had barely escaped such tragedy, was welcomed as the 10,000th member of the Wise Owl Club of America. I repeat that this club is made up of men and women who have been saved the sight of at least one eye by wearing protective glasses.

AT THIS CEREMONY, a 22-year-old young man employed in one of our largest chemical plants in the East told his story:

"The mechanic I was helping was standing about five feet directly over me trying to start a nut on a bolt. The nut slipped, and fell straight down, directly toward my eyes. It struck the right lens of my safety goggles with enough force to shatter it, but it did not reach my eye."

Other members of the Wise Owl Club tell similar stories of saving eyes from splashing acid, molten metal, flying glass and other objects. One of the most spectacular near tragedies occurred in a paper company when an employee found himself in the path of a ricocheting screw-type nail. It was stopped just one-sixteenth of an inch from his eye by his protective glass.

THE WISE OWL CLUB is the result of an idea dropped into a company suggestion box in 1947. A grinder in a foundry of a large factory had several times in his 17 years service escaped serious injury by wearing safety goggles. He suggested that a club similar to the Army's Caterpillar Club be started, with membership limited to those who had saved an

eye by wearing safety goggles.

The company sent the idea to the National Society for the Prevention of Blindness in New York, which now sponsors and promotes the Wise Owl Club. At this time, over 100 industrial plants have club members. The glasses are made of specially tempered glass or plastic, which may break but will not splinter. They may be corrected for visual defects, where necessary.

ONE SOMETIMES WONDERS whether such an organization pays off. In one large industrial organization, in the past 10 years, \$400,000 has been spent in professional and technical services and safety glasses. In this organization, it is estimated that 82 eyes have been saved.

Only recently a student working in a school shop sustained an accident without such protection and was awarded \$43,000 for the loss of an eye.

It is therefore not only a great economic saving, but also a wonderful thing to be able to keep both eyes to see the wonders of this world through a complete lifetime.

BILL RASHALL

Unedited

It wasn't so long ago when two people stood on the threshold, one upon which they were already standing, and believed what they were about to do was dangerous and bold.

Both were committed. The die, so to speak, had been cast and the curtain was just about to come up on the first act of a new show. . . . and now how would they, the star performers, be received in their new roles?

Ruby and Connie of The Dunes were under the glaring spot light but they could see the "audience" most clearly. And what they saw once the curtain was up and the show was rolling along, was nothing but good.

The event marked for the first time the complete chance ownership of that famous restaurant. It was the first night with Rudy and Connie as sole owners.

AND THEY HAD nothing to fear but they did. Something that is as unknown and intangible as the origin of a wayward wisp of air. Ruby and Connie, without a doubt, one of the most beloved couples in Palm Springs had been operating The Dunes anyway for a long time. It was because of them the place grew year after year in popularity. Connie singing at the piano bar and occasionally Ruby dusting off his violin and playing a few songs. They are both great musicians.

But back to the first night when Ruby and Connie, as a result of various circumstances, stepped into the ownership of The Dunes. It takes a lot of money to run a restaurant and night club like The Dunes. It is quite a commercial undertaking—wages, rent, lights, entertainers, the best in provisions.

What went through the minds of this couple in preparation to take over the sole ownership of The Dunes, I for one do not know. But I was there that first night. People began to pour into the place. And then finally both had a moment to sit down and as they did, unaware of the drama they had woven for me, I heard Ruby turn to Connie and quite simply, but to me a complete story of the emotions that must have gripped

both of these lovely people, say: "They still like us, Connie."

THAT'S ALL. I believe Ruby squeezed Connie's hand. She did not answer, if I remember correctly. But in those five words Ruby uttered what must have been a life time of living for both of them.

This stark realism of life was brought forcibly home to me during the past two weeks every time I walk into The Dunes. It's bigger now. More people can sit down and dine, but even now people wait for their turn. Its a new Dunes but the personality of the two, Ruby and Connie, permeates the entire atmosphere.

"How's business?" I have asked Ruby time and again since the beginning of the new Winter season.

"Fabulous! Great!" is his reply.

And it is he and Connie who will give all the credit to the "Kids" as Ruby is wont to call them. "The kids who work in the kitchen, waiting on the tables, Lucille and the bartenders they make the place go," Ruby avows.

Well, Ruby, your statement to Connie five years or so ago has been more than answered. . . . Certainly they—we all like you.

THIS SCENE AT the Ramon Drug store. Peter B. Sheptenko leading his low slung Daschund meets Hy Finerman the owner.

Sheptenko: "Hy, meet my dog. He's low. I'm high!" And that stopped the ebullient Finerman who usually has a fast comeback.

Bruce Thomas listening to his young daughter, Susan, brag about her pappy. Her father had said there wasn't a dry eye in the audience when a speaker had finished. Susan said: "And you know there wasn't a dry seat in the house."

Never knew until the other day that Bud Herman had a manager operating his Vista del Sol. He is Ray Lasdin. The two were dining out with James P. Brady, assistant manager of the Ambassador Hotel. And I learned that Jack Herman, the father, had just purchased another skyscraper in Vancouver, B.C. The mother is wintering at her home in Palm Springs.

House Tours To Continue This Week

Joe Pawling's fabulous new push-button house, which has been having daily home tours sponsored by the local chapter of WAIF (Woman's Adoption International Fund), has proved so popular that it will remain open to the public for another week and perhaps into December.

WAIF chapter in Palm Springs has added glamour to the house tour by having daily fashion shows and a cocktail hour from 5 until 7 o'clock with all proceeds going into the non-profit WAIF organization.

Those wishing to see the "House of Tomorrow" at 295 Hermosa Place, will have another week as the house will be open daily until 5 p.m. The open house was originally scheduled to close Tuesday (today), but the demand is so great that the public will continue to see this outstanding house. Tour guests are marveling at the sunken swimming pool fed by a high water fall, the sliding glass ceiling, most modern all gas kitchens, and many other newer than new features to be found only in this house.

The daily tour is just one dollar, and all proceeds are for the benefit of WAIF's local chapter, of which Mrs. William Malouf is president. A group of WAIF officers are on duty daily as hostesses to point out and explain unusual features.

Around Town

with Hildy Crawford

California has, always been the golden land . . . with gold in the earth . . . and, best of all, gold of sunshine . . . a place of refuge from rain and sleet and snow . . .

Ever since the days of the first explorers . . . when Cortez' men carried the news of this golden land back across the seas . . . people have dreamed of some day seeing California . . . The padres came and built the missions . . . and the first settlers trekked in across the desert . . . Then they came in an increasing stream . . . by covered wagon and by ship . . . by train and motor car . . . and finally by air . . .

They are still dreaming . . . and still coming . . . and for many Palm Springs has become the concentrate of that dream . . .

The warm sunshine of this past week . . . filled the Village almost to capacity . . . and all who could lingered on through the weekend . . . Motels and hotels reported no vacancies . . . restaurants were filled . . . and stores were doing a Christmas weekend business . . .

Kay Morris came close to being a freeway casualty this past week . . . when she was driving into Los Angeles . . . A car cut over in front of her on the freeway . . . she swerved to avoid hitting it . . . and her car was hit by a third car . . . and badly damaged . . . Kay was lucky she wasn't killed . . .

In the mail is an announcement of the marriage of Trudy Clappett and Paul Reynolds . . . who said their "I-dos" in Las Vegas on September 5 . . . The Reynolds were here this weekend . . . checking on their new house on the hill above Thunderbird . . . which is expected to be completed by Christmas . . . In the meantime they are living on Wilshire Boulevard in Los Angeles . . .

The Don Healy of London, England (he manufactures the Austin-Healy) leave today after a short visit here at the Continental . . . Healy also manufactures the Healy motorboat . . . and trailered ne in . . . for some sport at the Salton Sea . . .

Weekend guests of Emily and Max Schwab at their Smoke Tree Ranch home . . . were Judge and Mrs. Cyrus Monroe of LaJolla . . . and the Herbert Horns of Arcadia . . .

Theodora and Tom Fleming, who spent Thanksgiving week at their Palm Springs apartment . . . have gone back to LaJolla . . . They will spend Christmas there . . . and be here for New Years at the Racquet Club . . . as has been their custom for many years . . .

Mr. and Mrs. John Gallois arrived Saturday to open their home at 1985 Camino del Monte . . . Returning from their annual trip to France, Switzerland, Italy and Austria . . . the travelers spent three weeks in San Francisco before coming south . . .

Mollie Netcher Bragno has agreed to give up her battle for the \$12.5 million fortune left by her grandmother Mollie Netcher Newbury . . . and it is reported the 29-year-heiress will receive more money by the surrender . . .

ANNOUNCEMENT was made this week of the betrothal of Judy Watlet and William C. Manger, who have plans to marry in March.

Playhouse Guild to Plan Year at First Meeting

The new board of trustees of the Palm Springs Playhouse Guild will hold its first meeting of the season on November 29, at 10 a.m., at the home of Mrs. John F. Luccareni, at Smoke Tree Ranch. Mrs. Luccareni, board president, will conduct the meeting at which plans for the 1956-57 season will be discussed.

The Playhouse will hold its opening preview performance on January 14, for Playhouse Guild Members only. The premiere will be followed by the gala Sponsor's Ball at El Mirador. On January 15, the curtain will go up on the first public performance of the 1957 season, under the direction of Michael Ferrall. Each week a new play will be produced by Herb Rogers. The First Nighter Dinners, held at local hotels and clubs, are open to the public, and will precede the Tuesday night openings.

The Playhouse Guild has also made arrangements to bring the Los Angeles Philharmonic to Palm Springs on April 15. Ballet and other cultural events for local performance, are to be considered at the board meeting.

Mrs. Luccareni plans to stress the importance of the Playhouse Guild memberships, as it is these that make the programs possible. Invitations to become Sponsors of the Playhouse are now being mailed to former supporters of the Guild and to other civic and cultural leaders of the desert area.

The sale of ticket books is in progress now, following a luncheon at The Oasis Hotel yesterday, when Mrs. Luccareni gave the books to the ticket book chairman.

Mrs. Moseley Home From Trip To New York

Billie Moseley is back in the Village after an exciting trip to New York. Arriving at Idlewild Airport she was met by her son Dick and then piloted through that city via car to see all the sights and bright lights. As this was her first trip they spent as much time sight seeing as time would allow, visiting such places as the Empire State Building, Statue of Liberty, a tour of the United Nations Building, a visit to Radio City Music Hall and Rockefeller Center. They attended many Broadway plays as well as seeing "Around the World in Eighty Days."

Leaving New York they motored to New London and on to Groton, Connecticut for her son Dick's graduation, from the Coast Guard School. For her the real highlight of this trip was the Valedictory speech given by her son.

Before returning home they toured Washington, D. C. and spent some time in Texas.

Dick will spend a few days with his parents before driving on to San Pedro for duty with the Coast Guard.

Palm Desert Chamber to Hear U.S. CofC Official at Meeting

Harry Lintz, United States Chamber of Commerce manager for California, will be the featured speaker at the regular general membership meeting of the Palm Desert Chamber of Commerce at 8 p.m., tonight, Tuesday, at the Palm Desert Community Church.

Lintz will tell how businessmen can improve their business and living climate of the community, according to President Hal Kapp.

The meeting will also be devoted to the inauguration of the newly formed Home Owners' Division of the Chamber, with persons interested invited to attend. This division is designed to bring together the home owners who do not necessarily have a business in Palm Desert, but who are sufficiently interested in their community to want to cooperate with the Chamber in improving the services and life in Palm Desert.

KAPP, IN INVITING full attendance at the meeting, listed activities of the group during the past year, as follows:

Establishment of offices and professional secretarial services at 45-104 Larkspur Lane, in the Patio Shops.

Contribution of \$180 per year toward rent of the library in the Patio Shops.

Publishing of two directories, one listed all business members of the Chamber, and the other giving all motels and lodges, together with rates and other pertinent information.

Publishing of a brochure, "The Palm Desert Story," which will be

available for distribution in a few days.

Spearheading of a telephone hearing before the California State Public Utilities Commission, which will result in a toll rate reduction effective Dec. 1, together with extended service next October on calls to the Palm Springs area and thereby eliminating the necessity of a toll charge.

INAUGURATION of a campaign for a public auditorium, with an architect's drawing now available, and four acres of land donated as a site. Grading, wiring and other valuable services have been promised, \$250 in cash has been contributed by the Palm Desert Woman's Club, and an additional \$500 in pledges has been received.

Conducted a campaign to secure highway signs urging persons not to be litterbugs, and the placing of trash cans along the roadway.

Started work on a zoning plan for Palm Desert area in collaboration with the county planning commission, and pending its completion an application has been filed for interim zoning protection.

Cooperating with other communities in the formation of a Sanitary District for the upper Coachella Valley.

Continued support of tennis and polo tournaments, and other promotion of the Palm Desert area.

Organization of an Industrial Committee within the Chamber to cooperate with lower Coachella Valley communities in securing desirable industries for that area.

Palm Desert

The Firecliff Lodge gave a cocktail party Thanksgiving Eve for their guests and Palm Desert friends. This is an annual affair. Dinner was served later and a friendly, holiday spirit prevailed.

The desert is teemed with visitors over the holiday weekend. The Parkers had their Lodge filled: Dr. and Mrs. Frederick Bergstrom with a party of sixteen, all medical men; also Dr. and Mrs. John Meyer, Mr. and Mrs. George Sherman, (he is a well known movie director), Mr. and Mrs. Thomas Norton, Mr. and Mrs. C. T. Erickson and Mr. and Mrs. Walter Fleming.

Mr. and Mrs. Wilbur Bear entertained houseguests over last weekend for the Shadow Mountain Club party. Mr. and Mrs. Charles Hill of Long Beach and Mr. and Mrs. Joseph Kirk of Idyllwild. For Thanksgiving, the Kirks were with the Bears, also Mr. and Mrs. Dawny Deaver.

Miss Virginia Ray, daughter of Mrs. E. Reichert spent the holiday weekend with her mother. She drove over from the University of New Mexico in Albuquerque and was accompanied by a college friend, Jack Schaub of Pittsburg, Pa.

Mr. and Mrs. Horace Maxwell of Tacoma, Wash., arrived the first of the week and have opened their Sun Lodge for the season.

Virginia Field is a busy person these days. She is appearing on the TV show, "Stage 7," with Caesar Romero, and also with Lew Ayres in the Schlitz Playhouse. The rest of her time is spent making the Parkers a pleasant and charming spot for a desert vacation.

On Sunday, the golf enthusiasts of Shadow Mountain Club had a mixed two-ball foursome. This was followed by a pool-side sports show.

Mr. and Mrs. Ralph Rawland had their son, Ralph Rowland, Jr., of Fresno, with them over the weekend. The Rowlands hosted a small holiday dinner party for family and friends.

Mr. and Mrs. Robert Hanson (Bob and May) of Pittsburg, Pa., arrived Monday and expect to be here for 10 days. This couple is very popular and their short visits are packed with luncheons and dinner parties.

Rancho Mirage

By JEAN PATANE
The true meaning of Thanksgiving was predominant at the home of Mr. and Mrs. Max Cook. A few weeks ago their five-year-old son, Barry, fell from his top bunk injuring his head and causing temporary blindness. During x-rays and examinations he lost consciousness, and anxious hours followed. Yesterday he went back to school a happy little boy.
Arriving this week to spend a few days with the Cooks, will be Mrs. Cook's cousin, Dr. Aron Mark, internal specialist of Minneapolis, Minn.

At El Rancho for the festive weekend were Mr. and Mrs. E. J. Franzwa and son, Edward, from Eugene Oregon; Mr. and Mrs. Richard Bennett of San Gabriel; Mr. and Mrs. J. R. Lee, San Fernando; Sylvia L. Beam, Los Angeles; Robert W. Grove of Chula Vista, and Mr. and Mrs. Cook-story of Arcadia.

Mr. and Mrs. Tom Anderson (Pat of the Cameron office) spent Thanksgiving with Tom's parents in Pasadena.

The first weekend guests of Mr. and Mrs. C. O. McQuown at their recently completed home at 72-298 Rancho Road were their son, Paul, and his friend, Joe Waldrop, with his mother, Mrs. Zola Phillips, of Phoenix, Ariz.

Mr. and Mrs. Henry Brenton hosted a champagne dinner party at their home on East Veldt honoring the birthday of Mrs. Owen Collins. Among the guests were Mr. and Mrs. Al Ames, the Bill Bolands, Mrs. Lillian Randall, Marcelle De Vina and Russell Viss.

Arriving from Eastern Washington, Mrs. Harry Wall is visiting at the home of her daughter, Mrs. Dorothy Parsons. After the Christmas holidays she will leave for the Hawaiian Islands to visit with her son. Joining them for Thanksgiving dinner were Mr. and Mrs. George Miller and children, Billy and Marcia, and Mrs. R. F. Udall.

Mrs. E. L. Wright was in Los Angeles to welcome her newest grandchild, a little girl named Cathy, born Nov. 16 to her daughter and son-in-law Marilyn and Ernie Frappied. They have two other children a boy and a girl. Business kept Mr. Wright at Kiva Market.

Thanksgiving breakfast guests at the home of Mr. and Mrs. Paul Orewiler on Dunes View Road were Mr. and Mrs. Alden Paulson of Los Angeles, en route to Scottsdale, Ariz., also their daughter and son-in-law Mr. and Mrs. T. Richard Nelson, formerly of Portland, Ore., and now residing in Los Angeles, and Clayton W. Mudgett of Battle Creek, Mich., who is contemplating remaining in Southern California.

Mrs. Herbert Van Zwoil of Flintridge has purchased a large home-site on Bishra Road and plans on building at a later date.

Noted violinist Stanley Spiegelman and his wife have added a Hoams built pool to the home they recently purchased at 71-781 San Geronio. They are the former owners of the Rossmore Hotel in Palm Springs. Last Wednesday evening Mr. Spiegelman and Manny Strand played at the Jewish Center in Palm Springs.

Mr. and Mrs. Lawrence M. Kirwan and their young son are now in their new home at 71-766 Tunis Road. Mr. Kirwan is manager of the First Federal Savings and Loan Association of Palm Springs.

In Rancho Mirage for the Thanksgiving weekend were Mr. and Mrs. William Stephenson. He is associated with the Pasadena Branch of the Rancho Mirage Realty.

Mr. and Mrs. Ronald Button returned to Sacramento after the long weekend at their desert home. They were Thanksgiving Day dinner guests at the Riverside Drive home of Mrs. Button's sister and brother-in-law, the Harold Wrights, in Palm Springs.

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

MELBOURNE, 27 — The Greeks, who started all this Olympic muscle wiggling, had three words for it today.

"No Ladies Allowed."

That, according to Greek Track Coach Otto Szymiczek, is the way the games should be run—without women, sans senoritas, bereft of babes and with an absolutely all-male cast.

Otto, who could spot Demosthenes three megaphones and a half hour rebuttal when he warns up to his theme, leaves no doubt but what he thinks a woman's place is in the home.

"The ancient Greeks never even allowed women into the stadium as spectators," snorted the gray-haired orator from Athens.

"And," he added aggressively, "if they are allowed to participate, they should be forbidden to intermingle with the boys."

THIS SHOT isn't going to get too much support in most quarters from either (a) men or (b) women. Personally, Otto lost me on the first oratorical lap.

Because while the boys in action in the Olympic Games are fine competitors with tremendously bulging muscles, run like frightened jackrabbits and jump like kangaroos, something definitely is needed to dress up the general atmosphere.

The girls get my vote.

They can't run as fast, but who wants them to? And Otto apparently has been so busy teaching the modern Greeks how to make like the ancient Athenians and Spartans that he hasn't had time to take a gander at those streamlined women gymnasts.

Otto would hardly need 20-20, either to appreciate the scenery around the Olympic swimming pool. And, if he wants to argue, who cares whether they can swim, anyhow?

SZYMICZEK'S IDEAS go even farther, however, than the mere banning of the ladies from the games. He frowns on such non-Spartan shenanigans as evening rock 'n' roll sessions in the Olympic Village.

"They should have lectures and educational features," he asserted. Now, I'm not exactly an Elvis Presley fan although I was a fair hand with a footback in the old-time Charleston era. But I've got to go with Elvis the Pelvis on this one. If it comes down to a choice between rock 'n' roll and a filmed feature on log rolling in Afghanistan, well, clear the floor, junior and give me some stompin' room.

And I'll bet you I've got more votes right this minute than Otto has in his no-dolls and no-dancing campaign. I've got one big one, for sure.

Because when Earlene Brown, the Los Angeles muscle maiden, heard of Otto's proposal she did a defiant double shuffle with her light-footed 226 pounds and snorted.

"Well, shut my mouth!"

It sounded like a suggestion to Otto.

Red Diamond Poloists Take Coast Honors

Red Diamond Polo Club of Palm Springs won the Pacific Coast Eight-Goal Tournament held at the Desert Air Hotel field Saturday and Sunday, defeating the Desert Air team in an overtime, 12 to 11, and the Valencia squad 8 to 4.

Herschel Bonham starred in overall play for the tournament champions. In the Saturday match, which saw the score tied at 11-all before the overtime chukker, David Moore played an outstanding game for the losing Desert Air Hotel team.

The San Francisco team, scheduled to appear, was unable to compete due to travel complications, but will be present for a Round Robin outdoor tournament next Sunday at Desert Air. Other teams competing will be Desert Air and Red Diamond.

Next Saturday, San Francisco, Desert Air and Red Diamond will compete in arena polo at the Shadow Mountain field.

Matches last weekend were well attended, and trophies were donated by Desert Air Hotel.

Morrow Cracks World's 200-Meter Mark

By LEO H. PETERSEN
United Press Sports Editor

MELBOURNE, 27 — Bullet Bobby Morrow of San Benito, Tex., became the first double winner of the 1956 Olympic games today by rocketing to a record victory in the 200-meter dash as the U.S. rang up five more championships, including a stirring comeback by Yale's eight-oared crew.

By rolling up 90 points during the day, the U.S. hiked its total to 282 against 150 for Russia in the unofficial team race and brought its gold medal total to 16 for four full days of competition. Germany held third place with 63½ points.

MORROW, WINNER at 100 meters last Saturday, knifed into the tape one-tenth of a second faster than a 20-year-old Olympic record set by the incomparable Jesse Owens to lead a 1-2-3 American finish with a new mark of 20.6.

Moments later, hulking Al Oerter of New Hyde Park, N. Y., heaved the discus 184 feet, 10½ inches for another new Olympic record and another 1-2-3 American sweep.

In addition to Yale's eight-oared triumph, a heart-warming comeback for the collegians who faced sudden death elimination in every heat after being upset in their first race, two smaller units bagged gold medals in the best American showing on the water since 1932.

Jim Pifer and Duval Hecht of the Detroit Boat Club won the pairs without coxswain and the Stanford Crew Association's pair with coxswain—Art Ayrault, Conn. Findlay and Kurt Seyffert—came through with a tremendous race to win its class.

THE U.S. BASKETBALL team won easily, thumping Bulgaria, 85-44, but there were disappointments for several American hopefuls including a pair of veterans, Horace Ashenfelter and handsome Jack Kelly.

Ashenfelter, 33-year-old FBI agent and winner of the 3,000-

meter steeplechase at Helsinki four years ago, ran sixth in an 11-man field in his first qualifying heat and was eliminated. Kelly, 29 and shooting for the third time to duplicate his father's 1920 triumph in single sculls, finished third in the event won by Russia's 19-year-old star, Viatcheslav Ivanov.

Morrow, 21-year-old junior at Abilene Christian College, nailed his claim to the title of "world's fastest human" by scoring a clear-cut victory over the defending champion, 28-year-old Andy Stanfield of Jersey City, N. J. Thane Baker of Elkhart, Kan., second to Andy four years ago, had to settle for third.

THE SWEEP in the discus was not exactly a surprise but the order of finish was, for the favorite was the veteran world record holder Fortune Gordien of Brightwood, Ore. But Oerter, 20-year-old University of Kansas star, cracked the Olympic record of 180 feet, 6½ inches set by Sim Iness of the U.S. in 1952 and pushed Gordien into second place more than five feet shorter. Des Koch of Shelton, Wash., was third while giant Italo Consolini of Italy, a long-time favorite, wound up sixth.

The U.S. picked up points in two events they didn't figure too well in.

Willie B. White of Greenwood, Miss., the little miss who tried to teach "rock and roll" to the Russians, posted a surprise second in the women's broad jump behind record-setting Elzbieta Krzesinska, of Poland who leaped 20 feet, 9¼. Miss White made 19 feet, 11¼.

BILL SHARPE of Philadelphia finished fourth in the hop, step and jump won by the veteran Adhemar Da Silva of Brazil, who set a new Olympic record of 53 feet, 7½ inches, five inches over his own mark. Sharpe leaped 52 feet, 1 inch.

California Boxers Win at Melbourne

MELBOURNE, 27 — Lightweight Louis Molina, San Jose, Calif., and light welterweight Joseph Shaw, St. Louis, won their bouts today in the second round of Olympic competition in their classes. Each 18-year-old scrapper entered the quarter finals.
